Sub: Education - Fisheries schools - Teachers - Temporary posts - Continuance - Proposals - submission of.

I enclose herewith the following:--

(a) 2 lists(one for permanent schools - Annexure I, and the other for temporary schools - Annexure II) showing the particulars of temporary posts of teachers, the sanction of which will expire on 31-3-50 or the dates noted against each.

(b) 2 lists(one for permanent schools - Annexure III and the other for temporary schools - Annexure IV) showing the class - War strength and average attendance for the months of September, October and November,40, the strength that is expected in the next school year, the total no. of teachers(including the temporary posts mentioned in Annexure I and II referred to above) sanctioned and the no. of teachers employed etc.

(c) A list(Annexure V)showing the total no. of teachers(Permanent and Temporary) sanctioned for each of the schools of this section.

2. The following posts have not been filled up so far for the reasons noted against each.

(a) Polippu school:1 Higher Ele. Grade teacher sanctioned in G.O.Ms.No. 1765 Dev. Dept. dated 1-4-49. The necessity of filling the posts did not arise as the school could be managed with the existing staff.

(b)Kumbla school: One secondary grade teacher sanctioned in G.O.Ms.No.2111, Dev. Dept. dated 19-4-49 in connection with the opening of standard VI. The school has not been raised into a higher elementary one by opening standard VI.

One Higher Elementary post sanctioned in G.O.Ms.No. 4821 Dev. Dept. dated 10-10-47 has been kept in abeyance since 1-4-49 due to lack of attendance.

(c) Keerkodi school: 1 Higher Elementary grade)
(d) Hadavinakone school: 1 Secondary ") sanctioned in G.O. M.S.No. 2035 d/12-4-49 for want of trained teachers.

3. Of the number of teachers mentioned under column (a) and (b) of column 5 of annexure III and IV, one post of Higher Elementary Grade teacher at each of the Higher Elementary schools at Malpe, Polippu, Hejmakode, Bekal and Adakathbail has been sanctioned for teaching prevocational subjects only in G.O.Ms.No. 5308 Dev. Dept. dated 4-11-49.

4. Sanction for the continuance of the posts mentioned in column (a) and (b) of column 7 of the annexure I and II for a further period of 5 years, i.e. till 31-3-55 may kindly be obtained as the retention of these posts are necessary for the following reasons.:

1. Upper school:There are 5 classes with 3 teachers. Standard I requires to be put in charge of a teacher and the remaining 4 classes can be combined as two and put in charge of the remaining 2 teachers.

2.Malpe school: Of the 16 teachers sanctioned one Higher Ele. Grade teacher is for teaching prevocational subjects only. There are 13 classe now and when standards V and VI are bifurcated(the bifurcation has not been done for want of trained teachers for appointment) there will be 15 classes and so the existing staff is absolutely necessary.

p.t.o.

3. Polippu school: Out of the sanctioned staff of 10 teachers one Higher Elementary grade post has been kept in abeyance the continuation of which is not necessary; of the remaining 9 teachers one higher elementary grade teacher is for teaching prevocational subjects only The rest 8 teachers have been put in charge of 8 classes and no two classes can be combined and put in charge of a single teacher.

4. Sandspit school: The existing staff of 4 teachers is necessary for conducting the 5 classes of the school.

5. Sri Jnanodaya school: The existing staff of 4 teachers is a real necessity to manage the 5 classes of the school. As a matter of fact, an additional post of fifth teacher is necessary, proposals for which will be submitted separately.

6. Kumbla school: There are 5 classes in the school. Out of the 5 teachers sanctioned, one has been kept in abeyance since 1-4-49 and the remaining 4 teachers are required to conduct the school especially when the school is growing in strength now and the expected strength in the next school year is good.

7. Kiznur school. The sanctioned staff of 5 teachers is required to be put in charge of 5 classes of the school

8. Chervathur school: There are 5 classes in the school with 4 teachers. Standards I, II and III require to be put in charge of a single teacher each and standard IV and V can be combined ~~staff of 3 teachers necessary to conduct~~ and put in charge of the 4th teacher.

9. Keserkodi school: Out of the 5 classes of the school standard I require one teacher and the remaining 4 standards can be grouped as two and put in charge of 2 teachers. So the sanctioned staff of 3 teachers is necessary to conduct the school.

10. Hadavinakone school: The sanctioned staff of 4 teachers is required for conducting the 5 classes of the school as follows:--

Standards I, II and III with a teacher for each and standard IV & V in charge of a fourth teacher.

11. Tharapathi school: The existing staff of 3 teachers is a real necessity for 5 classes.

12. Kirimanieshwar school: do.

13. Nayunda school: 4 teachers are required to run the school consisting of 5 classes.

14. Manoor: The continuance of the present staff of 3 teachers is required to manage the school having 5 classes with a total strength of 104 and average attendance of 84.

15. Kodi. The presdnt staff of 2 teachers is absolutely necessary to conduct the school with 5 classes.

16. Bangre: There are 5 classes in the school with a sanctioned staff of 4 teachers. Standards I, II and III each require a teacher and standards IV and V can be combined and put in charge of the fourth teacher.

17. Udavavar: The existing 2 teachers are really necessary to conduct the 5 classes of the school.

18. Kaup school. The existing staff of 5 teachers is required to conduct the 5 classes of the school as 2 classes cannot be combined and put in charge of a single teacher.

P.t.o.

19. Yermal: Of the 5 classes of the school with 4 teachers standardI, III and IV each require a teacher and the other 2 classes viz. II and V can be grouped and put in charge of the 4th teacher.

20. Padubidri: The existing 4 teachers are required for conducting the school with 5 classes because only standards IV and V can be put in charge of a single teacher and the remaining 3 classes require to be put in charge of a teacher each.

21. Heimakodi: Of the 12 teachers sanctioned 1 teacher of higher ele. Grade will be engaged in teaching prevocational subjects only; 3 secondary grade teachers will be put in charge of the 3 higher elementary standards, viz. VI. VII and VIII. When standard IV with a strength of 48 is bifurcated, there will be 8 lower elementary classes which will necessitate 8 higher elementary grade teachers. So the existing staff of 12 teachers is required for the school.

22. Adakathbail: There are 8 classes in the school with 9teachers. Of these 9 teachers 1 teacher of higher elementary grade is intended for teaching prevocational subjects only and the remaining 8 teachers are necessary for 8 classes especially for expected strength in the next school year.

23. Bekal. There are 14 teachers in the staff of which one teacher is for prevocational subjects only. The remaining 13 teachers are required for the 13 classes of this school.

24. Ajanoor: The existing 5 teachers are necessary for conducting the 5 classes of the school.

25. Hosdrug: do.

26. Kanhangad: do.
